

(MR. SPEAKER)

the only way in which everybody can be satisfied and it is fair to everybody. Therefore, if the members remember if they were present the other day before I put two lists, I did put it to the House and it was with the consent and at the instance of the members that two lists were put in. It does not matter whether the number is 20 or 30 or 40. Two lists should be there. I do not know where the rule is violated. The hon'ble member Sri Azeez Sait said there is cat and bag. There is no bag with me.

**Sri AZEEZ SAIT.**—I said the treasury bench is hiding the cat in their bag.

**Mr. SPEAKER.**—Krishnan thought that I am allowing supplementaries to the persons who have put questions. That is perfectly the normal course. That is the principle prevailing not only in this legislature but everywhere because the person who puts the Question is supposed to have studied it and he has got a positive purpose in asking supplementaries.

**Sri M. S. KRISHNAN.**—I did not say that the person who has put the question should not put supplementaries. My submission is that the members other than the member who has put the question, should also have the same right to put supplementaries. Unfortunately, that right has been curtailed during the last few days for various reasons.

**Mr. SPEAKER.**—I will deliver the further ruling after the Question Hour.

**Sri A. R. PANCHAGAVI.**—Can members interrupt the Chair while he is addressing the House?

**Mr. SPEAKER.**—That is not a good habit.

### Remission of land Revenue in Hassan District:

\*Q.—832. **Sri S. SiVAPPA** (Sravanabelagola).—

Will the Minister for Revenue and Forests be pleased to state:—

(a) the average rainfall during 1965–66 in Hassan District and in Channarayapatna taluk;

(b) the crop position during the abovesaid year in the abovesaid district and in the above taluk;

(c) whether there was any recommendation for the remission of land revenue during 1965–66 in Hassan District and in Channarayapatna taluk;

(d) the action taken by the Government on those recommendations;

(e) how the Government came to rescue of the ryots during that year of great distress?

**A.—Sri G. B. SHANKARA RAO (Deputy Minister for Revenue):—**

(a) Hassan District ... 542.2 m.m.  
                          Channarayapatna taluk ... 144.7 m.m.

(b) *Vide Annexure appended.*

(c) Yes; in respect of only three taluks of Hassan, Arasikere and Holenarasipur.

(d) The matter is under the consideration of Government.

(e) 248 relief works involving an expenditure of Rs. 3,06,684.87 were taken up by the Revenue Agency to provide labour to the villagers in the scarcity affected areas. In addition to this, the Public Works Department executed 873 relief works involving an expenditure of Rs. 81,03,400 out of their departmental budget grant. The Forest Department started afforestation work in a total area of 790 acres to provide labour to the villagers in the taluks of Belur, Holenarasipur, Channarayapatna and Arasikere. 50 tons of fodder were supplied to ryots of the affected areas in the taluks of Arasikere, Holenarasipur and Hassan. Land Improvement loans, Takavi loans and Irrigation well loans were sanctioned to the ryots in all the taluks of Hassan district. Soil conservation works were also taken up in 95 villages of Halli-Mysore Hobli, Holenarasipur taluk. Food grains were supplied to all the taluks for distribution in rural parts through Societies and Village Panchayat Depots.

**ANNEXURE**

The average yield of crops during the year 1965-66 was less than 0-4 annas and between 0-4 annas to 0-6 annas, as noted in the following statement

Name of the taluk	No. of villages affected severely where the anewari was less than 4 annas.		No. of villages affected moderately where the anewari was between 4 annas to 6 annas.	
	Rabi	Kharif	Rabi	Kharif
1 Hassan	... 150	145	50	47
2 Belur	... 154	154	215	215
3 Alur	... 165	165	23	23
4 Arakalgud	... 179	179	101	101
5 Holenarasipur	... 106	106	69	69
6 Channarayapatna	... 239	...	116	
7 Arasikere	... 156	156	209	209
Total	... 910	1,444	567	780

**Sri S. SIVAPPA.**—Supplementary to (b) : Only three taluks have been recommended by the concerned authorities for land revenue remission. But from the annexure we can see that the number of villages affected severely where the annewari was less than 4 annas is 239. Out of those taluks, Channarayapatna is the most hard hit and yet it has not been recommended for land revenue remission by the concerned authorities.

**Sri G. B. SHANKARA RAO.**—According to the existing rules prevailing in that part of the State, the officers are not expected to recommend to Government for remission of land revenue ; if it is a question of remission of wet assesment they are themselves are competent to grant remission of wet assesment according to the rules. The Divisional Commissioner recommended to the Government, but under the Rules the Divisional Commissioner is not competent to do so and so it has been sent back to the officers who are competent to deal with it and grant remission.

**Sri S. SIVAPPA.**—Has it come to the notice of the Government that during 1965-66 that the rainfall here was the lowest ever recorded in history ?

**Sri G. B. SHANKARA RAO.**—I do not know whether it was the lowest ever recorded in history.

**Sri S. SIVAPPA.**—In view of the fact that the rainfall in 1965-66 was the lowest and the crops also failed during that year and the yield was less than 25 Paise according to the available figures, will Government now think of the desirability of remitting the land revenue in Hassan District, Channarayapatana Taluk ?

**Sri G. B. SHANKARA RAO.**—According to the rules prevailing in Bangalore and Mysore Divisions, if for two consecutive years the yield is less than 25 Paise in the third year the question of remission will arise. In 1965-66 there was an yield of less than 25 Paise, but the position improved during the subsequent year. The question of remission arose in the third year. But since the position had improved in the second year and the yield was more than 25 Paise there was no question of remission.

Sri G. B. SHANKARA RAO.—I totally deny the allegation made by the hon'ble member. I have got with me the list of works undertaken and the amount sanctioned. For famine relief works, we have spent about Rs. 41,757. In addition to this, we have also taken under the normal programme of the Public Works Department about 114 works costing Rs. 7,34,700 and we have also supplied foodgrains to the people of Arkalgud Taluk to the extent of 120 tonnes of Rice, 960 tonnes of wheat, 13 tonnes of Soji, 18 tonnes of Maida, 280 tonnes of Jawar, 620 tonnes of Milo, 5 tonnes of Ragi and 20 tonnes of Atta. Also, we have sanctioned Takavi loans in Arkalgud under Land Improvement Loan Rs. 32,000, Takavi Rs. 42,500 and for the sinking of Irrigation wells we have spent Rs. 5,000.

ಶ್ರೀ ಎನ್. ತಿಪ್ಪತ್ತ.—ಮಾನ್ಯ ಕಂದಾಯ ಮಂತ್ರಿಗಳು ಯಾನಿಹಾರಂ ರೂಲ್ಸ್ ನ್ನು ಮಾಡುತ್ತೀರೆ, ಆ ಬಗ್ಗೆ ಅಬ್ಬಿಜೆಕ್ಟ್ ಪಾತ್ರ ಘಾಡಿ ಅವುಗಳೆಲ್ಲಾ ಒಂದನಂತರ ಒಂದು ತೀವ್ರಾನಕ್ಕೆ ಬಿರುವುದಾಗಿ ಹೇಳಿದ್ದಾರೆ. ಆ ತೀವ್ರಾನ ತೆಗೆದುಕೊಳ್ಳುವವರೆಗೂ ಅಧಿಕಾರಿಗಳಿಗೆ ಕಂದಾಯವನ್ನು ತಡೆಹಿಡಿಯುವ ಹಾಗೆ ಸಾಜನೆ ಕೊಡುವರೇ?

### Khanapur-Hemmagde-Anmod Road

\*Q.—673. Sri N. B. SIRDESAI (Khanapur).—

Will the Minister for Public Works be pleased to state :—

(a) whether Government is aware of the necessary of taking over the Khanapur-Hemmagde-Anmod road by the Public Works Department;

(b) whether Government is aware that the Taluk Development Board, Khanapur, with its too meagre income cannot maintain such a major road ;
